

General Investor Report as at 31/03/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	Objective adhered to
STANLIB TOP40 ETF	A	45.51	0.27	14,106,965	The investment objective of the STANLIB TOP40 Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE TOP40 Index ("the index"), or TOP40. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	✓
STANLIB SA Property ETF	A	64.75	0.39	1,386,000	The investment objective of the STANLIB SA Property Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE SA LISTED Property Index ("the index"), or SAPY. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	✓
STANLIB SWIX40 ETF	A	10.20	0.35	177,165,802	The investment objective of the STANLIB SWIX40 Exchange Traded Fund is to provide returns that replicate the performance of the FTSE/JSE SWIX40 Index ("the index"), or SWIX40. The Asset Manager achieves this by buying the underlying shares in substantially the same proportions as they appear in the index, and in this way, both the capital and income performance of the portfolio will approximately match that of the index. While the Manager may purchase derivatives to achieve its investment goal, this is not done in the ordinary course of business.	✓
STANLIB Absolute Plus Fund	A	142.09	1.70	209,555,555.95	The portfolio shall be a specialist portfolio and shall aim to achieve capital growth, as well as some level of capital protection over the long-term. In the short-term the portfolio shall aim to profit from a rising equity market and protect investors against capital losses in a weak equity market. In order to achieve this objective, the portfolio will from time to time be invested in equity securities and/or non-equity securities to the maximum level permitted by the Act that will comply with prudential investment guidelines for retirement portfolios. The manager may from time to time invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy. The manager will use a quantitative risk management model when selecting the securities that will be included in the portfolio. The model shall incrementally switch exposure from equities to non-equity instruments if the portfolio value drops towards a predetermined "protective floor".	✓
STANLIB Absolute Plus Fund	B1	142.29	1.13	453,067,443.60		
STANLIB ALBI (Non-TR) Index Tracker Fund	A	94.66	0.53	91,311,479.07	The objective of the portfolio is to track the performance of the JSE ASSA All-Bond Non-TR Clean Price Index as closely as possible, by replicating the constituents of the index in the portfolio. The portfolio will invest in all bonds that are represented in the JSE ASSA All-Bond Non-TR Clean Price Index. The portfolio may hold cash investments as well as bonds. The portfolio will hold the constituent bonds of the JSE ASSA All-Bond Non-TR Clean Price Index in the correct weightings, as far as possible.	✓
STANLIB ALBI (Non-TR) Index Tracker Fund	B1	94.71	0.34	27,869,830.15	The portfolio may differ from the index from time to time due to liquidity constraints of the underlying bonds. The portfolio may also hold listed derivatives from time to time, to effect efficient portfolio management. The portfolio will not invest in off-shore	
STANLIB ALSI 40 Tracker	A	514.09	0.49	188,226,666.90	The investment objective of the portfolio will be to focus on achieving a total compound annual return which will substantially equate to the total compound annual return of the FTSE/JSE Top 40 Index as adjusted to take into account transactions and other costs.	✓
STANLIB ALSI 40 Tracker	B1	514.34	0.29	5,290,951.96	The securities to be acquired for the Portfolio will consist of a selection of ordinary shares, as included in the FTSE/JSE Top 40	
STANLIB Africa Income Fund	A	101.59	1.97	10,000.00	The investment objective of the STANLIB Africa Income Fund is to generate income and capital growth over the long-term by providing investors with exposure to investment opportunities in the African fixed income markets.	✓
STANLIB Africa Income Fund	B1	101.93	0.91	1,988,837.87	The STANLIB Africa Income Fund will invest in the fixed income instruments of issuers domiciled on the African continent, or conducting a significant portion of their business operations on the African continent, including South Africa.	
STANLIB Africa Equity Fund	B1	44.76	6.08	729,590.69	The investment objective of the STANLIB Africa Equity Fund is to generate capital growth over the long term, with income generation as a secondary objective, by providing investors exposure to African markets. □ This portfolio can invest across countries and industry sectors as well as across the range of large, mid and smaller cap equity securities. This portfolio does not subscribe to a particular theme or investment style. The securities normally to be included in the portfolio will be securities of companies operating in Africa (excluding South Africa) or companies with operations predominantly in Africa (excluding South Africa).	✓
STANLIB Africa Property Fund	B1	129.63	4.39	24,435.07	The investment objective is to generate growing yield and to compliment this with capital growth over the long term by providing investors exposure to listed property securities in Africa. The portfolio will invest across countries in financially sound property shares and property related securities listed on African exchanges or companies with operations predominantly in Africa such as property loan stock and debentures. The manager may from time to time invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy.	
STANLIB Aggressive Fund Of Funds	A	230.45	1.46	20,172,917.06	The primary investment objective of the portfolio will be to achieve higher than average capital growth over the longer term at the risk of greater short-term volatility of capital values, with income generation as a secondary objective. The following asset allocation limitations will apply to the portfolio: Equity Funds - 75% to 95%, Property Funds - 0% to 20%, Bond Funds - 0% to 10%, Money Market and Income Funds - 0% to 10% of the value of the Portfolio. The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	✓
STANLIB Aggressive Fund Of Funds	B1	230.85	0.90	13,831,608.03		

General Investor Report as at 31/03/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	Objective adhered to
STANLIB Aggressive Income Fund	A	152.51	1.25	606,238,780.76	The investment objective of the portfolio is to provide an efficient investment medium whereby investors can participate in a portfolio that will seek to generate a high level of income, as well as the potential for capital growth. Securities normally to be included in this portfolio means cash, bonds, financially sound and appropriate preference shares, property shares, stock including property loan stock, debentures, debenture stock and debenture bonds, unsecured notes, collective investment schemes in property, non-equity and other securities listed on exchanges which are considered consistent with the portfolio's primary objective and that the Act or the Registrar may allow from time to time. The portfolio may be fully invested in any of the above-mentioned asset classes at any particular time. The portfolio may invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio's investment policy. The portfolio may from time to time invest in financial instruments. The portfolio will not be permitted to invest its assets in foreign investment markets.	✓
STANLIB Aggressive Income Fund	B1	152.61	1.02	770,767,855.87		
STANLIB Balanced Cautious Fund	A	153.11	1.80	3,441,004,018.39	To achieve a reasonable level of current income and long-term capital growth at average risk levels whilst complying with the prudential investments guidelines. The portfolio will consist of a diversified spread of investments in securities and non-equity securities, in a manner which is similar to that usually employed by retirement schemes with maximum equity exposure of 40%. The portfolio may also invest in participatory interest and other forms of participation in portfolios of collective investment schemes or other similar schemes operated in territories with regulator environment which is to the satisfaction of the manager and trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa.	✓
STANLIB Balanced Cautious Fund	B1	153.32	1.24	2,299,411,523.96		

General Investor Report as at 31/03/2017

Fund Name	Class Code	NAV (cents)	TER	Participatory units	Fund Objective	Objective adhered to
STANLIB Balanced Fund	A	710.53	1.88	246,066,777.42	The Portfolio's main objective is to generate a reasonable level of current income and capital growth for the investor. The portfolio will consist of a diversified spread of investments in securities and non-equity securities, in a manner which is similar to that usually employed by retirement schemes. The investments in securities would include shares and preference shares, including property shares and property loan stock, listed on exchanges, non-equity securities and participatory interests of other collective investment schemes.	✓
STANLIB Balanced Fund	B1	711.55	1.31	454,008,096.25		
STANLIB Balanced Fund	R	711.55	1.31	16,584,267.34		
STANLIB Balanced Trustees Fund Of Funds	A	182.55	1.72	100,672,951.04	The manager will seek to achieve medium to long-term capital growth, relative stability for capital invested as is consistent with capital preservation and a stable level of current income. Participatory interests in equity, property, asset allocation and fixed interest portfolios. The inclusion of equity, property, asset allocations and fixed interest portfolios will not be limited to a specific sector(s).	✓
STANLIB Balanced Trustees Fund Of Funds	B1	182.72	1.15	204,966,442.34		
STANLIB Bond Fund	A	172.55	0.85	167,062,979.29	The portfolio aims to achieve capital growth and income generation by investing in long term fixed interest securities. Securities will normally consist of a spread of gilts, semi-gilts, loan stock, debentures, debenture bonds, approved securities, notes and liquid assets and any other securities which are consistent with the portfolio's investment policy.	✓
STANLIB Bond Fund	R	172.55	0.85	481,412,966.75		
STANLIB Capped Property Index Tracker Fund	B1	99.04	0.42	65,765,413.21		
STANLIB Capital Growth Fund	A	541.06	1.14	11,397,584.65	The portfolio's primary objective is to achieve medium to long-term capital growth. The generation of income shall be secondary to the primary objective of maximising capital growth. Investments will consist of: Ordinary shares consisting of a range of blue chip and emerging blue chip shares; shares in medium sized companies; and participatory interests in other similar collective investment schemes.	✓
STANLIB Capital Growth Fund	R	542.01	1.71	100,946,693.14		
STANLIB Conservative Fund Of Funds	A	140.68	1.43	565,560,930.80	The primary investment objective of the portfolio will be to obtain a high level of income with capital growth over the longer term as a secondary objective, at a low risk of short to medium term volatility of capital values. Investments to be included in the portfolio will, apart from assets in liquid form, consist solely of participatory interests of Portfolios of the STANLIB Collective Investment Scheme. The Portfolio will not invest in participatory interests of portfolios where the value of the foreign assets included in such portfolio exceeds 10% of the net asset value of such portfolio.	✓
STANLIB Conservative Fund Of Funds	B1	140.92	0.88	198,088,443.70		
STANLIB Corporate Money Market Fund	B1	100.00	0.48	352,841,395.79	The primary objective of the composite is to obtain as high level of current interest as is consistent with capital preservation and liquidity. Capital gain (as opposed to capital preservation) is of secondary importance. This composite is precluded from holding foreign exposure, direct or indirectly.	✓
STANLIB Enhanced Yield Fund	A	100.50	0.64	2,596,454,169.99	The investment objective of the portfolio is to maximise the current level of income within the restrictions set out in the investment policy, while providing maximum stability of capital. The portfolio will aim to achieve performance returns in excess of money market yields and current account yields. The portfolio will invest its assets in South African markets at all times and will be permitted to invest in a flexible mix of non-equity securities, including but not limited to money market instruments, bonds, fixed deposits, listed debentures, preference shares and other high yielding securities, as well as any other securities which may be approved by the Registrar from time to time and which are consistent with the investment policy of the portfolio, to the maximum levels permitted by the Collective Investment Schemes Control Act, No. 45 of 2002, and the Regulations thereto, as amended from time to time. In respect of the flexible nature of this portfolio, the portfolio may thus be fully invested in any of the above-mentioned asset classes at any particular time, while complying with the stated duration and tenor limitations. The maximum average weighted duration of the portfolio is 180 days and the maximum tenor for any one instrument is 36 months.	✓
STANLIB Enhanced Yield Fund	B1	100.51	0.13	10,000.00		
STANLIB Equity Fund	A	25,268.25	1.91	2,062,861.29	The Portfolio's main objective is steady growth of income and capital, a reasonable level of current income and the maximum stability for capital invested. The securities to be included will consist of securities, non equity securities and participatory interest of collective investment schemes in securities.	✓
STANLIB Equity Fund	R	25,304.41	1.34	11,773,804.75		
STANLIB Extra Income Fund	B1	86.47	1.14	3,555,330,472.11	The portfolio's primary objective is a reasonable level of current income and maximum stability for capital invested. Investments will include a flexible mix of non-equity securities, including but not limited to money market instruments, bonds, fixed deposits, listed debentures and other high yielding securities, as well as any other securities which may be approved by the Registrar from time to time and which are consistent with the investment policy of the portfolio, to the maximum levels permitted by the Collective Investment Schemes Control Act, No 45 of 2002, and the Regulations thereto, as amended from time to time. The portfolio will be managed in compliance with the Prudential Investment Guidelines that are applicable to retirement funds from time to time.	✓
STANLIB Extra Income Fund	R	86.50	0.85	1,844,121,570.76		
STANLIB European Currency Fund of Fund	A	141.50	0.82	29,857,472,570.51	This portfolio aims to obtain as high a level of current income as is consistent with capital preservation and liquidity. Investments will, apart from assets in liquid form, consist solely of participatory interests of other collective investment schemes from European Currency denominated fixed interest collective investment schemes. The Manager will only include foreign collective investment schemes which have been approved by the FSB to be marketed in South Africa. Initially, the foreign collective investment schemes included in the portfolio will comprise: Fidelity Funds SICAV, Fidelity Funds SICAV II, Fidelity Investments Funds OEIC and Fidelity's UK Authorised Unit Trusts.	✓
STANLIB European Equity Feeder Fund	A	384.87	2.55	51,826,967.25	The STANLIB European Equity Feeder Fund shall be a feeder fund portfolio. The main objective of the STANLIB European Equity Feeder Fund is long term growth of capital. Apart from assets in liquid form, it will consist solely of participatory interests in a single portfolio of a collective investment scheme operated in territories with a regulatory environment which is to the satisfaction of the manager and trustee of a sufficient standard to provide investor protection at least equivalent to that in South Africa, namely the Fidelity Institutional Pan-European Fund.	✓

STANLIB Multi-Manager						
STANLIB Multi-Manager Low Equity Fund Of Funds	A	215.80	1.76	509,706,635.17	The Fund's objective is to provide modest long-term growth of capital and good income, with a low probability of capital loss over the short term. It aims to outperform CPI (South African Inflation) plus 3% p.a. (i.e. to provide a real return of 3% p.a.) over rolling 3-year periods.	✓
STANLIB Multi-Manager Low Equity Fund Of Funds	B1	216.16	1.09	288,093,145.18		
STANLIB Multi-Manager Medium Equity Fund Of Funds	A	324.83	1.82	188,892,712.36	The Fund adopts the specialist approach whereby exposure to each asset class is gained via a multi-managed building block. It is well diversified across domestic and foreign asset classes. Its main objective is to provide modest long-term growth of capital and income, with a low probability of capital loss over the short to medium term. The Fund aims to achieve CPI+4% p.a over 4-year rolling periods. The Fund is exposed to multiple best-of-breed managers, investment styles, asset classes and strategies providing investors with additional diversification benefits. The tactical exposure to each asset class is actively managed – expected total equity content of between 45% and 55%. The Fund is regulation 28 compliant.	✓
STANLIB Multi-Manager Medium Equity Fund Of Funds	B1	325.43	1.15	194,161,828.86		
STANLIB Multi-Manager Diversified Fund Of Funds	A	260.26	1.96	59,627,009.78	The Fund's investment objective is to provide long-term capital growth through investment in local and global equity markets. It is a fully invested, multi-managed equity portfolio managed within the guidelines of the ASISA South African Equity General Sector (currently a maximum of 25% global equity) allowed. The Fund aims to achieve CPI+7% p.a over 7-year rolling periods. The Fund is not regulation 28 compliant.	✓
STANLIB Multi-Manager Diversified Fund Of Funds	B1	260.80	1.39	83,668,326.88		
STANLIB Multi-Manager Global Equity Feeder Fund	A	241.07	2.01	77,075,206.31	The Fund adopts a multi-managed approach to investing and blends different skilled and experienced active equity managers and strategies (with some passive and risk premium strategies). This is a global-only ZAR denominated portfolio and invests in equities (all industries and sectors, and all capitalisations sizes) listed in global equity markets. The Fund aims to deliver investors with high capital growth over the long-term. The Fund's objective is to outperform its global equity benchmark over the long-term.	✓
STANLIB Multi-Manager Global Equity Feeder Fund	B1	258.80	1.62	112,812,433.80		
STANLIB Multi-Manager Global Equity Feeder Fund	R	264.83	1.63	152,751,550.58		
STANLIB Multi-Manager Flexible Property Fund	A	265.63	1.50	152,570,030.52	The Fund is a diversified income portfolio with a bias to listed property shares. It will be invested in domestically listed property shares, as well as other high-yielding income producing assets (namely bonds and money market instruments); with the flexibility to adjust the property weight according to market conditions. It aims to generate a reasonably high level of income and moderate capital growth. Given that it has around 40% and 85% exposure to listed property, with the balance exposed to fixed interest securities, it will be a more conservative Fund than a fully invested property portfolio. Through time, the Fund is designed to provide most of the upside of listed property with significantly less volatility.	✓
STANLIB Multi-Manager Flexible Property Fund	B1	265.85	1.16	417,129,549.63		
STANLIB Multi-Manager Real Return Fund	A	210.70	2.01	79,605,032.23	This is a multi-asset class portfolio that is diversified across asset classes, sectors, various strategies and asset managers - both in South Africa and internationally. The portfolio's objective is to outperform CPI plus 5% over rolling 3-year periods.	✓
STANLIB Multi-Manager Real Return Fund	B1	210.99	1.43	236,192,390.39		
STANLIB Multi-Manager Medium-High Equity Fund of Funds	A	266.56	1.89	9,997,659.01	The Fund adopts the specialist approach whereby exposure to each asset class is gained via a multi-managed building block. It is well diversified across domestic and foreign asset classes. Its main objective is to provide moderate long-term capital growth and income, with a low probability of capital loss over the long term. The Fund aims to achieve CPI+5% p.a over 5-year rolling periods. The Fund is exposed to multiple best-of-breed managers, investment styles, asset classes and strategies providing investors with great diversification benefits. The tactical exposure to each asset class is actively managed – expected total equity content of between 60% and 70%. The Fund is regulation 28 compliant	✓
